

# Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Suzanne Mcgee
Address	4high spinney West chiltington West sussex
Type of Comment	Objection
Comments	I regularly run and walk through the foot path 792-1. The redevelop of this site will significantly impact a beautiful serene area of the green belt, with noise and traffic. Also removing a regularly used foot path. There are no suitable road for HGV's to reach the site and the access road is used by horse rider cyclists and walkers making it unsuitable and dangerous for HGV vehicles. I therefore strongly object to this application as it removes locally amenities and is a danger to the public.
