Comments	<input type="text" value="There are many reason to object this applications but the increased HGV traffic will have a severe impact on the local villages/hamlets of Bucks Green, Tismans,Common and Rudgwick. There will be an acute impact on highway safety along Loxwood Road from high passing speeds on a restricted width carriageway. The road is just 5.1m wide at its narrowest point and 5.5m along most of its length. The proposed operation does not bring any demonstrable benefits to the local community. With reference to the latest WSCC Minerals Monitoring Report, there is no demand for additional brickmaking clay. WSCC have more than 25 years of reserves."/>
