Type of Comment	Objection
Comments	<p>I have major issue with the increase in traffic (especially large lorries). Not only the big trucks along the narrow country road and the distance they need to travel but also the trucks entering and exiting the road to join the A281 in Bucks Green. I regular walk/cycle along the Loxwood road and object to this development if it increases the volume as suggested.</p> <p>Also the impact of creating a development like this on a green field site, removing a section of woodland to create the site goes against the national policy of development only on brown field sites. Why destroy this woodland?</p> <p>not very happy about this application.</p> <p>Regards Ian</p>
