Type of Comment	<input type="text" value="Objection"/>
Comments	<input type="text" value="I would like to strongly object to this planning proposal for 2 main reasons (in no particular order) :
1. The road infrastructure is not suitable to maintain the traffic likely to be generated from such a proposal.
2. The protection of the ancient woodland is paramount and the introduction of a clay pit as well as a waste site is unnecessary given the ability of other sites to produce adequate product from other sources of this material."/>
