Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Daniel Todhunter
Address	RYLEY COTTAGE, HIGH STREET, HIGH STREET, BILLINGSHURST, RH14 0RD
Type of Comment	Objection
Comments	Dear Planning Department,
	I wish to object to the proposed planning application in the strongest terms. Whilst it is clear that the proposal includes measures to mitigate the impact of the proposal in terms of noise, loss of environment etc. I am not convinced that there is sufficient demand for clay to warrant destruction in the first instance. I note that the West Sussex Minerals Monitoring Report 2019-2020 finds there sufficient clay in reserve to meet local demand. Annual sales from existing sites do not justify creation of a new brick works.
	Given the limited demand, I don't see that there can be a justification for destruction of established woodland on a greenfield site. Particularly taking into consideration increased traffic, noice, impact on local agriculture etc.
	Best wishes Dan
