Comments	We really don't want this planning application to be passed, not only will it devastate an ancient woodland and all its habitat but it will also ruin a community space. As a family we walk in the woods, when we had a dog, now we have children and with friends. Our daughters Pre School, Loxwood Pre School, also use it for bi-weekly walks as they do not have access to transport. They use it not only for educational purposes but also for the children to exercises and enjoy being with nature. Our road infrastructure will also not be able to take the amount of lorries that have been suggested to use the roads daily. Not only will this proposal have a damaging effect on the environment but also on the local community.
