Comment for planning application WSCC/030/21

Application number	WSCC/030/21]

Address	MERRY HILLS, BILLINGSHURST, RH14 0RB	
Type of Comment	Objection]
Comments	Waste sites should be sited in built-up areas or brownfield but this is a greenfield site. The rare Barbastelle Bat has been identified here, as well as red kites and badgers. The increased HGV traffic will have a severe impact on the local villages/hamlets of Bucks Green, Tismans Common and Rudgwick. Station Road has many horse-riders and the likely number of HGVs on that relatively narrow, winding road will be dangerous to them, as well as other road users. There is no demand for additional brickmaking clay. WSCC have more than 25 years of reserves so there is no need to have this facility in West Sussex.
