	I wish to respectfully object to the construction of the proposed Clay Pit and Recycling Centre at Pallinghurst Woods, Loxwood
	Firstly the certainty of utter destruction to wildlife, trees, vegetation etc is beyond unthinkable.
	42 HGVs thundering up and down this peaceful, beautiful neighbourhood a day would cause extreme noise and disturbance not to mention further damage to a road which is not suitable for big heavy vehicles
	My reasons above are only two of many and surely the persons behind the construction of this facility are sensible people who care about the world and the creatures that inhabit it. We must all do our bit to stop Global Warming for the sake of all those that come after us
