Comments	<input type="text" value="Just the thought of the proposed development is very worrying! This will be devastating to our wildlife, trees and environment, we don't need this site!!! We are so fortunate to live in a green environment and this should be so for the generations to come. Do we need more traffic and noise when we have too much already? As a horse rider, I frequently ride the Loxwood Road and we don't need any more traffic including lorries. STOP the Loxwood Clay Pit!!"/>
