Comments	<p>I object to the above proposal upon the grounds:</p> <p>The unsuitability of the Loxwood / Bucks Green Road with regards its narrowness to accommodate such an increase in lorries transporting materials to and fro the proposed site. This road is frequently used by cyclists and horse-riders -the HGVs clearly presenting a significant danger to them.</p> <p>The entrance to the proposed site is on a bend on the road with limited visibility for vehicles approaching from either direction thus creating a danger for other road users.</p> <p>The light and noise pollution created by the operation of the site in what is a tranquil area would be audible/ visible to local residents</p> <p>Its impact upon local wildlife. Protected species such as slowworms and bats are regularly spotted in the area.</p> <p>We appreciate that a need exists for these type of facilities, but Pallingshurst Woods is not the place.</p>
