Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Jonathan Read	
Address	THE FIND, BUCKS GREEN, BUCKS GREEN, HORSHAM, RH12 3JJ	
Type of Comment	Objection	
Comments	I would like to object to the proposed clay pit due to the following reasons: - Loss of ancient woodland that has a significant benefit to the local community through use of the public footpaths that have been in situ for many hundreds of years. The closure of large sections of the public foot paths would mean a whole generation would miss out on the use of them. - The wood land is home to many protected species including several types of bats - The wood land benefits the local community through clean air and space as well as being awash with wildlife. - Despite numerous calls for traffic calming measures along the A281 at Bucks Green, none have yet to be installed and as a resident of this area we have already endured enough with heavy trucks thundering along the road from the brick works, to add more to what is already an untenable situation would severely damage the mental and physical well being of the residents of this small community. - There are already many many primary school age children who walk along this unpoliced, speeding road, where trucks exceed the limits, the probability of an accident will drastically increase with the extra traffic unless a wholesale new scheme for traffic calming is introduced at considerable cost to the local council and tax payer.
