Comments	<p>I would like to object to this application for a proposed clay pit due to the following reasons:</p> <ul style="list-style-type: none">- Loss of ancient woodland, protected wildlife and local amenities. This includes protected species of bats and numerous other flora and fauna.- The significant increase in large vehicle traffic on my road (the A281) where I walk daily with my young children and dog. If this goes ahead I will be unable to walk my son to school as the increase in lorry traffic would make such a journey too dangerous.- Long term structural damage to my property. Currently when large vehicles pass our house on the A281 (usually above the 30 mph speed limit) we feel the house physically move. The increase in large vehicles as proposed will no doubt cause long term structural damage to our property over the 30+ year period. <p>As a resident of Bucks Green for almost six years, I cannot possibly imagine continuing to live here with the impact the proposed development will have on our wonderful community. The detrimental effect both mentally and physically that this proposed development will have on the numerous generations it will impact will be appalling.</p>
