Comments	<input type="text" value="I object to the plans for a clay quarry & recycling facility at Pallinghutst Woods. It is an area of outstanding natural beauty and habitat to wildlife & must be preserved for generations to come. The HGV's that will be making endless trips to & from the quarry, will also have a huge impact on our already terribly congested roads.
WSCC have made no improvements to infrastructure, yet continue to build more & more houses. The loss of Greenbelt in this part of the Country is tragic. Once it has gone it has gone. It's devastating to wildlife & impacts people's quality of life. Enough!"/>
