We are writing to ask you to reject this application for the following reasons:

1. This is NOT a suitable location for a waste site. Using a greenfield site is not in-line with national policy
2. The application will significantly impact the ability to use this local amenity which we and many others enjoy for walks, cycling and walking our dog. The application includes closure of a footpath (792-1), HGVs cross public rights of way and the ability to park a care to access the woodlands on Loxwood road
3. Alternative sources to meet the demand for clay in West Sussex
4. Impact on the Environment with increased carbon emissions and felling of trees impacting local wild-life.
