Dear Sir,

I wish to register a complaint about the above planning application.

It is totally indefensible to damage an area of pristine woodland in order to dig a hole to extract clay and set up a recycling plant.

It is National policy not to damage existing greenfield sites where there are suitable brownfield sites available.

This is a loved and cherished wooded area and should be protected from such predatory planning applications. I urge you to reject this proposal.

Yours faithfully

Richard Poole
