## Comment Details

Commenter Type: Member of Public

Stance: Customer objects to the Planning Application

Comment Reasons:

Comment: This is a greenfield site which is not suitable for a clay quarry.

This application would have an adverse effect on wildlife and fauna in the area.

Footpaths would be lost to the public and the lay-by which is currently used for parking would be unavailable.

This operation is not helping the climate change cause.

Noise and pollution levels would be high.

The country road between the site and Bucks Green is entirely unsuitable for the constant use of lorries.

It will greatly affect the residents of Tismans Common.
