

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Philip Smith"/>
Address	<input type="text" value="LADBROKE ROAD, 132, LADBROKE ROAD, REDHILL, RH1 1JX"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>Appreciate I live miles away in Redhill but my parents are Loxwood residents.</p> <p>We have a pit in Redhill and I would suggest you speak to the Environment Agency about the horrible effect it has had on our town. When the temperature rises over the warmer months the stench that drifts across is unbearable. Regularly we speak to the EA and they confirm that they cannot keep up with the complaints and do not have the resource to check that the fumes are safe or not. I would also suggest you come and see for yourself the traffic impact on the A25 by the Biffa site. It is horrendous, and the council are regularly fielding complaints and claims arising from the poor road surfaces caused by the huge lorries turning at that junction.</p> <p>You cannot trust the companies who run these sites. Come to Redhill and see for yourself, and smell it, it's grim. And you'll allow this to happen in our beautiful countryside?</p>
