

# Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Roger Nash
Address	WEYHURST COPSE, TISMANS COMMON, TISMANS COMMON, HORSHAM, RH12 3BJ
Type of Comment	Objection
Comments	<p>I write on behalf of Rudgwick Preservation Society. We have provided the council with comprehensive objections to this potential development already. There is nothing in the recent document from ProTreat to make us remove any of our objections or alter our minds in any way. The tone of Mr Williamson's capitalised rebuttals of our friends in Stop The Clay Pit we find emotive and a repetition of points raised earlier in several webinars, and so discounted from our point of view.</p> <p>We expect WSCC to abide by policy in their decision on this application, by their interpretation of the local need for this facility, by the input of their PROW staff, by the new need for water neutrality, and by policies both national and local for protection of biodiversity and the countryside. We particularly stand by our comments on the consequences for the additional HGV traffic through the parish of Rudgwick.</p>
