

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Sam Lawrence"/>
Address	<input type="text" value="1 MILL COTTAGES, NALDRETT'S LANE, NALDRETT'S LANE, HORSHAM, RH12 3JQ"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I strongly object to this application because no new information has been presented by the applicant that changes the following:</p> <ul style="list-style-type: none"><li>- The roads between Loxwood and the A281, particularly Loxwood Road, are unsuitable for HGVs and if this application goes ahead there is a very high chance there will be accidents. The traffic will also have a serious negative impact on the people who live near the claypit and around Loxwood/Tismans Common/Bucks Green.</li><li>- The enormous damage to a beautiful, ancient woodland which cannot be replaced and the animals that live there. The wood also a valuable amenity for local people who enjoy walking their dogs there in peace.</li><li>- There is nowhere near enough need for clay or construction material recycling to consider irreversibly spoiling such a beautiful place. The environment should not always be a price we have to pay so a small number of individuals can make money.</li></ul> <p>This application should be refused.</p>
