

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Susannah Johnson"/>
Address	<input type="text" value="FARRIERS, LOXWOOD ROAD, LOXWOOD ROAD, HORSHAM, RH12 3BP"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I object to the applicants request for planning permission within the Loxwood woods, which is an area i regularly walk in and will be destroyed by the proposed development.</p> <p>The development is neither safe due to the increased traffic movements and size of vehicles required, nor are the economics of the project sound or substantiated.</p> <p>The long term negative impacts on the surrounding areas will be significant and safety will be compromised for anyone using the Loxwood Road.</p> <p>The applicants attempts to suggest objections from outside of the immediate geographic location are removed are both irrelevant to the merits, or otherwise of a planning application, and also insulting to suggest individuals with family in the immediate location will not be impacted directly and indirectly. For example, road noise and direct risk to serious harm to life when walking or using Loxwood Road.</p>
