Comments	<p>I wish to strongly object once again to this application despite the amendments the applicant has made.</p> <p>Very little meaningful change has been made to this application and still this development will lead to complete destruction of the countryside for no gain whatsoever. This application-</p> <ul style="list-style-type: none"><li>Contradicts itself with regards to ownership of the land and woodlands.</li><li>Provides no evidence or justification for the need to extract clay</li><li>Provides no evidence or justification for the need to recycle materials</li><li>Have not taken into account a vast amount of habitat species on their HRA</li><li>Have not considered the impact on road safety with large vehicle movements in the locality</li></ul> <p>This farce of an application needs to stop and cannot be permitted to go ahead under any form or amendment.</p>
