Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	James Durrant	
Address	3 Million Court Ickenham UB10 8NB	
Type of Comment	Objection	
Comments	The applicant has presented no further justification of the need for addition- al construction materials recycling in West Sussex and my original objection still stands. This would ruin an area of natural beauty and source of wellbeing for local residents and visitors alike. Furthermore, the work traffic would be seriously detrimental to the local area and those living in it and near the roads that will be used.
