Planning Application  
WSCC/030/21

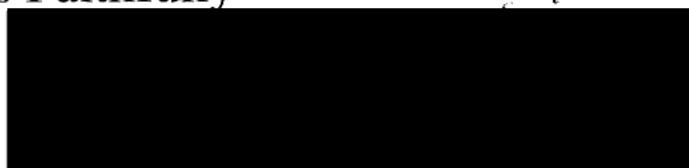

Objection

Dear Sir

As the farmer, over whose grazing fields Loxwood Claypits, plan to access the site, I object on the grounds that it would impact on my established farming activity.

Whatever gates or barriers they might erect, it is inevitable, through human error, with forty lorries a day passing through, that my cattle would escape onto the highway. The likelihood of this causing an accident and the repercussions are rather stressful, so again I object to this application,

Yours Faithfully
