

Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Julie Kew"/>
Address	<input type="text" value="SQUIRRELS, PIGBUSH LANE, PIGBUSH LANE, BILLINGSHURST, RH14 0QY"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>I object to this planning applications on the grounds that were submitted previously . Briefly you are going to destroy part of an establish ancient wood and lay a tarmac road way through this area disturbing the fauna and flora and also the habitat for a lot of animals. The road to approach said entrance is a narrow country lane not suitable for HGV'S ESPECAILLY not for the number that intend to use it which is 64 for the next 33 years.</p> <p>Also according to WSCC we have enough clay to last us for the next 25 years so why do we require another clay pit and why are we then going to dump waste into the large hole when we are meant to be recycling waste and not adding to land fill.</p> <p>Also you are going to be cutting down good trees when as a community we are meant to be planting trees to combat CO2 emissions.</p> <p>Theses woods have a lot of footpaths and bridle ways which I have used for the last 28 years regularly while out walking my dogs and these vehicle's will endanger myself and dogs plus other users who walk through these glorious ancient woodland</p>
