## Comment for planning application WSCC/030/21

Application number	WSCC/030/21
Name	Stuart Hargreave
Address	WILLOW TREE COTTAGE, SPY LANE, SPY LANE, BILLINGSHURST, RH14 0SS
Type of Comment	Objection
Comments	I wish to register a further objection to my previous objection dated 22/08/2021 I have reviewed the new submission from Loxwood Clay Pits Ltd, and find no additional evidence to justify this application to be acceptable to any effected parties.

There is not a clearly quantified justification on any grounds for acceptance of this application. The environment and the local community would suffer unnecessarily.

The only reason that is clearly evident is that of financial gain for the applicant.

In fact, the applicant has tried to justify the submission by criticizing WSCC minerals and waste policies, this is an unacceptable statement and does not show intent to comply with current practice or consider mitigation of the actual adverse impact of this proposed development.
