Comments	<p>As I already wrote in my last objection, this would be a disaster for the area. We live along the loxwood road and have very valuable horses along that road. The lorries will drive too fast and will automatically touch our hedge every time they would have an oncoming vehicle, this would spook the horses and inevitably cause injuries to them.</p> <p>I don't feel like I could live there any longer knowing lorries would pass there every day for the next thirty years. The access to their site is not at all made for that kind of traffic , the roads are way to narrow. There was already a deadly accident with a pedestrian getting hit beside the mucky duck, we don't need an other one.</p> <p>There are kids walking they're dogs or riding their ponies, mums with pushchairs, loads of walkers and everyone would be threatened by allowing this planning to go through.</p> <p>The woods that are used by hundreds of walkers on a daily basis would never be the same if such a thing was allowed.</p> <p>Please listen to the people, no one wants this so let's use a bit of common sense and say No to this project!</p>
