

# Comment for planning application WSCC/030/21

Application number	<input type="text" value="WSCC/030/21"/>
Name	<input type="text" value="Andrew Duck"/>
Address	<input type="text" value="BRIDGE ROAD, 4, BRIDGE ROAD, HORSHAM, RH12 3HD"/>
Type of Comment	<input type="text" value="Objection"/>
Comments	<p>We wish to strongly object to this application on the grounds that a beautiful area will be destroyed and the nature and wild flowers and plants vanish due to this monstrosity application in such an idyllic setting that numerous people use on a daily basis for their enjoyment and exercise including dog walking which I have personally done for over 50 years exploring the numerous footpaths and trails within its vast area.</p> <p>The lorries would cause huge disruption for both villages (Loxwood and Rudgwick) and the small and winding country lanes are NOT designed for all this and pose a huge danger and risk to cyclists and horse riders who frequent these roads often and certain areas of the road between the two villages are very narrow and I personally would not want to meet a thundering lorry at these points as speed limits are never adhered to or enforced and time is money in the eyes of the big bosses.</p> <p>I hope that this application is rejected and we can continue to enjoy Englands green and pleasant land or whats left of it .</p>
