Comments	Leave Loxwood and surrounding area alone! The woodlands must be protected it must continue to provide a home for the wildlife and plants. The residents of Loxwood and surrounding areas chose to live here to enjoy the natural woodland etc. We do not want to have our lives in our hands every time we drive on the roads that are not wide enough to take lorries who always ignore the speed limits! As it is the road surfaces are always crumbling and will be even worse with the heavy lorries using them. Loxwood and surrounding areas are quiet country living and we want to remain this way. This must not go ahead it will ruin
