Comment for planning application WSCC/030/21

Application number	WSCC/030/21	
Name	Andrew Speirs	
Address	TIMBERS, GUILDFORD ROAD, GUILDFORD ROAD, BILLINGSHURST, RH14 0QL	
Type of Comment	Objection	
Comments	The revisions proposed by the developers still does not satisfactorily address the additional heavy traffic generation. There is no limit to the number of additional vehicle movements in any day, and there is no proposed traffic management that will ensure that the traffic stays on the recommended routes.	
	On this basis, there is a significant risk that all the roads around the village of Loxwood will carry additional truck traffic, and, if the demand for recycling expands, so will the HGV traffic. Traffic through the village is already high, and does not always respect speed limits, so anything that increases this ought not to be granted consent.
