Comments	<input type="text" value="We object to this application on the following points . There is no justification for additional construction materials recycling in West Sussex. 2. Vehicle movements would dramatically increase therefore increasing more chance of their being accidents . 3 The applicant has still not addressed water neutrality or damage to the wildlife habitats 4 . No economic evidence for demand for weald clay extraction in this area . 5. Overall impact for footpath users has not been resolved ."/>
