**Subject:** Re: Loxwood Clay Pits Ltd - Full Planning Application

Good morning Chris,

Further to your 4th November email, just over one week ago, and my subsequent telephone call two days ago leaving a message on your voicemail.

I confirm my verbal message that as per the final paragraph of your email, subject to hearing / receiving or discussing your "thoughts surrounding the application and how we proceed", by the end of this week, your proposed extension to the 12th January 2022 is acceptable.

I look forward to hearing from you later today.

Regards

Chris Williamson

Good afternoon Chris,

Thank you for your email.

Although the 30<sup>th</sup> November 2021 Planning Committee is the next date for applications to be heard, this application is not being taken to that date. The next earliest committee it can be taken to will

be the 11<sup>th</sup> January 2022 Planning Committee. Therefore I would be grateful if you could agree with me an extension until 12<sup>th</sup> January 2022 to allow time for the committee report to be finalised and for a decision to be made by councillors. I'm sure you'll agree that given the complexities and size of such applications, together with my other workload, it is not unusual for such large applications to go over the statutory determination date.

Regarding your email of 13<sup>th</sup> September 2021, you are correct that Southern Water were not a consultee for this application.

Finally, the Secretary of State were sent an electronic copy of the environmental statement and all associated documents.

I will be in touch by the end of next week to discuss our thoughts surrounding the application and how we proceed.

Kind regards,

**Chris Bartlett**
