

Dear Mr Bartlett

I would strongly like to object to the number of extensions that have been applied to this particular development as the original agreement was,
if the well didn't appear to work then the site would be restored back to its original - it didn't - I feel that this is just an ongoing saga that this company will eventually try and get out of restoring this site and therefore I feel that it should be forced now to conclude the work that was carried out there and actually restore the site to its original.

Kind regards

Christopher Stride
