Comment for planning application WSCC/046/23

Application number	WSCC/046/23	
Name	Jerry Hamilton	
Address	16 Hillside gds Betchworth Surrey RH3 7EW	
Type of Comment	Objection]
Comments	Yet another request for another time extension makes the original time permit ridiculous. How can local people trust the process of extension after extension is applied and approved when the original permission says the site should be returned at end of exploration. Time is up and a 5th time extension is ridiculous. Do what was promised and return the site to original after the exploration has failed.
