Comment for planning application WSCC/046/23

Application number	WSCC/046/23	
Name	Dr Fay Tuffen	
Address	2 Mill Brow Windermere La23 2lz	
Type of Comment	Objection	
Comments	I have been aware of the repeated applications by British Oil and Gas as my father lived nearby in Alfold Bars. Comprehensive studies have shown this site would not be viable, notwithstanding the anachronism of new exploitation of fossil fuels. Please again reject this foolish application
