## Comment for planning application WSCC/046/23

Application number	WSCC/046/23	
Name	Stuart Gregory	
Address	ABERCORN, STOCKCROFT ROAD, STOCKCROFT ROAD, HAYWARDS HEATH, RH17 6LL	
Type of Comment	Objection	
Comments	This application for yet another extension should be refused. The possibility of successful reuse of an oil/gas well borehole for geothermal energy is so remote that the site should be restored as per the existing permission. Any use of the site for geothermal activity should be subject to a new planning application not an extension
