## Comment for planning application WSCC/046/23

Application number	WSCC/046/23
Name	Bev Fullwood
Address	Sundial cottage Mattersey Doncaster
Type of Comment	Objection
Comments	Please do not reject this objection on the grounds of distance. I have experience of the effect of drilling on the wildlife in North Nottinghamshire. This application clearly demonstrates that there will be a negative impact on birds and their prey.  Moreover, the plan does not support the current climate change mitigations.
