Hello John,

In response to this query I can advise that the approach we have been discussing would be appropriate. I offered comment on the scoping opinion and indicated an assessment/statement would be required, but it was really just to emphasise that we would require further information than what would typically required through an EIA, such as access drawings, audits etc.

Just starting to look at your other email and will come back to you shortly.

Kind regards,

Dominic

Think sustainably. Do you have to print? Can you double side? Do you need colour?

Subject: Wisborough Green

Hello Dominic

I have been sent through this scoping response from West Sussex Council regarding the proposals for oil exploration in Wisborough Green.

The opinion states that we will need to complete a TA to accompany the application: is this the case or are you satisfied that our proposed approach is satisfactory for the scale of development proposed.

Kind regards

John
