Dear Jane

Re: Planning Application No. WSCC/083/13/KD – Installation of a well and associated infrastructure on Land South of Boxal Bridge, Northup Field, Wisborough Green

Our Ref: LGW2683

Thank you for your email/letter dated 15 May 2014 regarding the above mentioned planning application.

The site is outside of our 'physical' safeguarding zone and would only be of concern at this distance if any wind turbines had been proposed. Therefore the proposed development does not conflict with aerodrome safeguarding criteria.

Yours sincerely

Amanda Purdye, Aerodrome Safeguarding
For and on behalf of Gatwick Airport Limited
