TREE CATEGORIES:

-  **Category A**
Those of high quality and value: in such a condition as to be able to make a substantial contribution (a minimum of 40 years is suggested).
-  **Category B**
Those of moderate quality and value: those in such a condition as to make a significant contribution (a minimum of 20 years is suggested).
-  **Category C**
Those of low quality and value: currently in adequate condition to remain until new planting could be established (a minimum of 10 years is suggested), or young trees with a stem diameter below 150mm.
-  **Category U**
Those in such a condition that any existing value would be lost within 10 years and which should, in the current context, be removed for reasons of sound arboricultural management.
