Consultees observations/recommendations

- It is understood that commercial development of this site was
- begun sometime in the past. Therefore, it must be assumed that its
- continuance now must be acceptable, subject to the provisions of
- West Sussex Structure Plan 2001 - 2016 Policy ERA6, and West
- Sussex Minerals Plan 2003, Policies 26, 27 & 28, where applicable.
- It should also be noted that the MLP (at paragraph 5.9) requires
- that an aftercare scheme should be an integral part of any planning
- application.
