Advice	<input type="checkbox"/>	Modification	<input type="checkbox"/>	More Information	<input type="checkbox"/>
Objection	<input type="checkbox"/>	No Objection	<input checked="" type="checkbox"/>	Refusal	<input type="checkbox"/>

The highway authority has no objection to the application.

I recommend that conditions 15 to 19 of consent reference BN/31/05 be added to any consent under the current reference. Also a new or revised Section 106 agreement is needed to ensure that site-related traffic continues to be routed via the A29 between the A27 and the site. The A29 may be improved between now and the expiry of any new planning consent.
