

Dear Cllr. Dennis & Members of WSCC Planning Committee

Forgive me for making this very blunt, and clear. You will no longer have my long-standing support, nor my vote in future in the event that you support the Incinerator proposals. Born and bred in Horsham, as my wife and I were, we do not wish ourselves, our children and grand-children to be endangered by breathing in invisible toxins from this proposed facility.

Sincerely

Frank & Monica Carpenter
