Subject: RE: CORRECTION: Washington Sand Pit - Planning Application
WSSC/009/18/SR - Consultees

Hi Sam,

Sorry for the delay but just back from leave -
this was another application logged as inappropriate as related to a condition we
did not request so in effect "no comment".

Given the history on the site I have just had a quick look at the documents and
given the minor changes we have no comments.

Thanks,

Hannah
