

65 Friday Street
WARNHAM,
HORSHAM,
West Sussex
15-4-2018

REF. WSCC / 015 / 18 / NH

We object the application of the
BRITANNIACREST INCINERATOR,

WE object to the incinerator because the
Horsham population is large and ever
growing and we do not want to breathe
the emissions of CO₂ & NOx polluting
our air from all the HGV's.

We do not want the HGV's, that will
transport the waste, as our roads are
congested enough.

The World Health Organisation advises that
areas near a waste incinerator should not
be populated and this plan would be near
to populated areas and the plume would
blow.

Please count our objection.

 MR J.D. KEABLE
