Dear Sir/Madame,

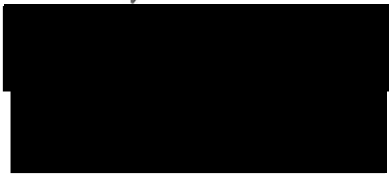

With reference to the above application for planning permission for the installation of an incinerator by Britanniacrest we (my wife and I) both strongly object to this proposal. The grounds for our objections are:

- a) Increased levels of atmospheric pollution causing increased levels of chest infections, particularly asthma from which my wife suffers.
- b) The new residential developments in north Horsham will be seriously affected by the fumes and smoke from the proposed incinerator.
- c) It will have a negative affect on

the recycling, which Horsham Council
is anxious to encourage.

We believe that it is the duty
of Horsham Council to reject the
application which is clearly against
the interests of all the present and
future residents who live in Horsham.

Yours faithfully,
